

Daniele Marchetilli

Computer Science Student

👤 Profile

Computer Science Student currently studying at Sapienza University of Rome.

I like to work on coding projects and to learn new code technologies.

I want to get involved in the tech industry.

🎓 Education

IT Technical Institute Diploma, Vincenzo Arangio Ruiz High School, Rome

September 2017 — June 2022

Graduated with top marks, 100/100 in Italian graduation exam.

Took Computer Science classes such as Java, Fundamental of CS, Database and Computer Networks.

Computer Science, Sapienza University of Rome, Rome

October 2022 — Present

Depth study of IT.

★ Projects

Bomberman clone, end of semester project for Methodologies of Programming course

Developed a functioning clone of Bomberman with Java.

The core of this project was to implement Java Streams and multiple design patterns.

Technologies used: Java, Java Swing, JSON API for Java.

This project alone was valued 27/30.

🔖 Courses

Cisco CCNAv7, Cisco

September 2023 — June 2022

Introduction to Cybersecurity, Cisco

March 2023 — May 2023

🏢 Employment History

Waiter, Rome

June 2021 — Present

Working to support myself during my studies.

Built experience in public relations, other than team-working and team-communication.

Run restaurant reservations managements and restaurant room organization.
